About Us

Maduradhvani is a team of dedicated, service-minded youth and adults based in Toronto. We strive to provide opportunities for upcoming youth artists to showcase their talent, empower and enrich youth leaders, and enable them to positively impact the community through acts of charitable service.

Thanks to sponsors and donors, in the year 2015 Maduradhvani raised \$17400 for the Global Outreach Program.

Thus keeping this vision in mind, this year Maduradhvani will be raising funds for another great cause, Handi-Care Intl.

MaMuradhvani

Noble Cause

Handi-Care Intl. (HCI), a Canadian registered charity, has been raising funds for ASSA and other institutions for the disabled since 1992 enabling hundreds of disabled youth to be successfully integrated into the community. Among its numerous contributions to ASSA include building an Early Intervention Centre for children born with developmental delays, a Centre for Special Education for more than 100 children with intellectual challenges and expansion of the in-campus school facilities at ASSA. HCI has also established volunteer and clinical placements at ASSA for Occupational/Physical Therapy graduates from Canada.

This year HCI is seeking funds to extend the integration of the physically and developmentally disabled youth, from Grade 10, which was the limit till now, to Grade 12. By doing so, it will ensure that the disabled youth are included at all levels of school education, enabling them to progress to become productive members of society.
